

**COVE CREEK PARK
2020 SEASON**

Dear Coaches, Players, and Families:

It is with the heaviest of hearts that we let you know we have made the difficult decision to cancel all activities at the park for 2020. Our hope of having a shortened summer season ending by August 1, just does not look feasible with the restrictions for recreational activities that constitute Phase 2. It has become clear to us we would need to be in Phase 3 before anything resumes, however it is still very unclear when that might happen and how much season we'd realistically have left in which to play. We feel at this time, it's best to go ahead and make this tough decision so all our families can proceed with any summer plans you may have.

We have missed having you'll at the park since the season postponement and had so wished for a different outcome. However, our primary goal has always been for everyone to stay safe while adhering to the corresponding guidelines set forth. With the amount of uncertainty still surrounding the virus, we feel to err on the side of caution is the best course of action at this time.

Rest assured that we have been and will continue working hard to keep the park in great shape for your hopeful return in 2021.

We will be issuing registration refunds as appropriate. This will happen in the next couple weeks, so if you don't see your refund by June 24, please let us know.

Again, we are deeply saddened we are not able to make this season work. We hope everyone will continue to be safe and happy as we all navigate through this uncharted territory.

Yours in Baseball and Softball,

The Staff at Cove Creek Park
